Re: Recorded Document web searches

The Butte-Silver Bow Clerk & Recorder's Office in conjunction with the Butte Silver Bow Land Records Department is pleased to announce that we will be offering our Docupro document indexing program online. You will be able to search for recorded documents by a variety of ways, including Grantee, Grantor, Parcel Numbers and Book/Page (Roll/Card). Access to the recorded documents will be available at any time of day, seven days a week, twenty four hours a day. Subscription prices for daily, monthly or yearly passes are located on the website. You can access the recorded document search program by going onto the Butte Silver Bow County website at [www.co.silverbow.mt.us](http://www.co.silverbow.mt.us) and under Government Departments choose Clerk and Recorder's Office or the Land Records Department and click on the link [www.idocmarket.com](http://www.idocmarket.com). This website will allow you to access to view and the ability to print images for recorded documents.

If you have any questions about our services please call Rob at 406-497-6337.

Sincerely,

Sally Hollis
