Butte-Silver Bow Unified Health Command announces new registration options for COVID-19 vaccination

Butte, MT – In a partnership with the Butte Civic Center, Butte-Silver Bow’s Unified Health Command announces a new, convenient way to register for the COVID-19 vaccination.

Moving forward, reservations for a vaccine may be made online at **tickets.butteciviccenter.com**; those registering this way will have access to limited vaccination times. Online reservations will be available beginning Monday, Feb. 22 at 10 a.m., until booked.

Other allotted reservation times may be reserved by calling the Civic Center Box Office at 406-497-6401 or by walking up to the Box Office window at the following times: Mondays 10 a.m.-4 p.m. and Tuesdays 10: a.m.-2 p.m., beginning Monday, Feb. 22.

Reservations may also continue to be made by calling the Butte-Silver Bow Health Department’s COVID Call Center at 406-497-5008.

Please note that when you register online, in person, or over the phone and your date of birth does not match the eligible age for that week’s shot, your reservation will be deleted and not available for you. Those arriving at the mass vaccination clinics at the Civic Center will be required to show identification showing date of birth. The clinics continue to focus on those ages 70 and older. Planning is under way to vaccinate those ages 16 to 69 with certain underlying health conditions. Those individuals are asked to continue to call the Call Center at 406-497-5008.

The vaccination clinics at the Civic Center are for Butte-Silver Bow residents only. Physical distancing guidelines are followed and masks are required. For more information, please contact the Butte-Silver Bow Health Department at 406-497-5008.
