## Mid –year Financial Review Quarter Ending December 31, 2015

*Fiscal Year 2016*

(January 29, 2016)

## **Mid-Year Budget Review Fiscal Year 2016**

The purpose of this report is to update the Chief Executive, Council of Commissioners and citizens of the City and County of Butte-Silver Bow on the status of the fiscal year 2016 budget for the period of July 1, 2015 through December 31, 2015 and to recommend, if needed, amendment to the budget adopted on August 19, 2015.

### **Expenditure and Revenue Analysis**

The city-county's budget includes 190 separate budgeted funds, of which, 17 of the funds are Tax Supported; 13 Enterprise "business-like" funds; 5 Internal Service Funds; 67 Special Improvement Districts; 14 Capital Improvement Funds; 9 Debt Service funds exclusive of the tax supported general obligation debt; and 82 different Special Revenue funds that account for the Superfund, Health, 911, URA, TIFID, NRD, DNRC, CTEP, and various other grant activities. Of the total \$176,165,558 appropriated for Fiscal Year 2016, 13.01% or \$22,923,273 is funded by property tax revenue.

Prudent budgeting dictates that we are somewhat conservative in our estimates, yet remain realistic. Our initial revenue estimates met these basic budgeting criteria. The table on the following page is a summary of budgeted revenues and expenditures, year-to-date totals, actual to budget percentage, the remaining budget and the percentage remaining. As shown below, our revenues are currently 45.5% of the projections with 50% of the year lapse. Butte-Silver Bow is 4.5% under our projections, but the difference can be explained by the revenues not collected from the State of Montana Natural Resource & Damage Program (NRD) for the Basin Creek Water Treatment Plant, State of Montana Entitlement payments that are only received in November and May, and the federal payments not received until June of each fiscal year. The NRD is billed on reimbursable basis for project costs. On the expenditure side, only 35.4% of the budget has been expended with 64.6% budget authority remaining. Many of the major projects will begin in the spring 2016 therefore, explaining the higher variance of 14.60% with 50% of year lapsed. As of December 31, 2015 the actual revenues collected are 9.26% over the actual expenditures. The expenditures are under budget by 15% and revenues are under projection by 4.45% for a positive indicator that the local government is not over expending the revenue actually received.

## Major Budget Components

### Personnel – All Funds

A large component of governmental budgets is personnel. In municipalities and counties, the significant nature of construction and infrastructure projects cause personnel to be a smaller percentage of the city's or county's budget than in many other governmental entities (such as schools). Nevertheless, personnel costs remain a significant element of the budget.

Personnel costs, unlike infrastructure and construction projects, are highly predictable. Butte-Silver Bow does have cyclical personnel costs in many areas such as part-time parks workers, seasonal road laborers and operators, etc., yet we are able to project personnel costs fairly accurately.

Shown on the table below are the budgeted salaries, overtime and benefits for all funds of the city. Also shown are actual expenditures for the year and the percent of the budget expended. As shown by the table, we have expended a total of 44.81% of the personnel budget, with 50% of the year elapsed. Personnel costs, which represent over \$38 million of the city-county’s total budget, are on target at the mid-year point.

Personnel Costs	Budget	Year to Date	% of Budget
Salaries	\$ 24,584,818	\$ 10,940,357	44.50%

### Property Tax Revenues

Butte-Silver Bow has estimated to collect \$22,923,273 in property tax revenue from the 17 tax supported funds. As of December 31, 2015 \$11,946,371 was received or 52.11% collected for Fiscal year 2016 with 50% of the year lapsed. For the past three years, Butte-Silver Bow has collected an average of 50.62% of the property tax revenues at the mid-year point. The property tax revenues appear to be on target for the year and expect to collect slightly more than our original estimate from prior year taxes.

### User and Special Assessment Fee Revenue

User fees consist of charges from the Water Utility Division, Metro Sewer, Stormwater, and Landfill collection and disposal, and additional services provided by the local government. Special assessments cover lighting, hydrant, street and road maintenance districts, and curb and cutter. Butte-Silver Bow has estimated to collect \$21,341,423 in total user fee and special assessment charges for fiscal year 2016. As of December 31, 2015 \$15,918,380 in revenue was billed for local government services for fiscal year 2016. This is 74.59% of the projected revenue with 50% of the year lapsed. For the past three years, Butte-Silver Bow has billed an average of 68.75% of the revenues at the mid-year point. The user fees and special assessment revenues appear to be on target for the year and expect to collect 2.21% or \$460,595 more than our original estimate in fiscal year 2015.

<b>User &amp; Special Assessment Fees</b>				
Fiscal Year	Projection	Amount billed as of 12/31/2015	Percent Remaining

<b>Three Year Average</b>	\$ 20,489,810	\$ 14,087,006	68.75%	

### Summary

At this time the Finance & Budget Department does not recommend any major changes to the fiscal year 2016 budget. The Finance & Budget Office will continue to monitor the budgets, revenue projections, and cash balances to assure sufficient funds are available to meet future expenditures.
